Certificate of RoHS Compliance

This letter is to confirm that the products referenced above comply with the European Union Directive 2015/863/EU from March 31st, 2015, amending Annex II to Directive 2011/65/EU of the European Parliament and the Council as it relates to the list of restricted substances on Restriction of Hazardous Substances in Electrical and Electronic Equipment (RoHS 3) regulation. None of the restricted materials are intentionally added, known reaction by-products or expected to be found at concentrations exceeding limits as defined in the above directives.

EnviroPass Expertise Inc. (EnviroPass) believes to the best of its knowledge and expertise that this certification is accurate as of its date of signature. EnviroPass has relied upon statements of agencies, manufacturers, suppliers, subcontractors, and others in the preparation of this certification. Declarations of Conformity are issued under the sole responsibility of the manufacturer. Within the above-defined limitations, this certification is valid unless superseded by a revised certification at a later date.
